<b>Objectives of this courses</b>	Acquire the basic knowledges about appropriate care based on geriatrics and evaluation method for quality of service by health service research, return their own daly work, and utilize improvement of business operations
<b>Course Outline</b>	This seminar is for practitioners who are in the field of in-home care or institutional care. They will learn frontline practices from professionals in the clinical fields, and acquire basic methods in scientifically evaluating and analyzing their own service quality in order to solve issues and problems existing in the practice of caring.
<b>Textbooks</b>	During the lecture, the person in charge will hand out materials accordingly
<b>References</b>	During the lecture, the person in charge will hand out materials accordingly
<b>Evaluation for Grades&amp;Credits</b>	Class attendance and participation; Report

---

### Lecture Schedule

<b>Instructor</b>	<b>Course Contents</b>
1 Nanako Tamiya an	What is the Health service reasearch?– Basic concept and reality of HSR
2 Nanako Tamiya an	Clinical outcome indicator and data collation analysis method
3 Nanako Tamiya an	Health service and HSR (Example of cancer care)
4 Nanako Tamiya an	statistical approach for HSR
5 Nanako Tamiya an	Research design (Cost–benefit analysis, Economical research)
6 Nanako Tamiya an	health care management
7 Nanako Tamiya an	the first line of in-home care and empirical analysis
8 Nanako Tamiya an	empirical analysis of institutional care
9 Nanako Tamiya an	Comprehensive geriatric assessment (CGA)
10 Nanako Tamiya an	Role of robuts in nursing care
11 Nanako Tamiya an	nursing for elderly people–associated pneumonia
12 Nanako Tamiya an	the first line of institutional care
13 Nanako Tamiya an	Adovance Care Plannning
14 Nanako Tamiya an	Social Epidemiology1
15 Nanako Tamiya an	Social Epidemiology2

<b>Course name</b>	Presentation and Discussion of practical Health Services Research	<b>Course Number</b>	02EU576
<b>Credit</b>	1.5	<b>Instructor</b>	Nanako Tamiya, Tomoko Ito
<b>Course Offering Term</b>	Full Year negotiable		740, D building
<b>Style of Course</b>	practice	<b>Telephone</b>	8324, 8849
<b>Standard Academic Level</b>	1–3 year	<b>Office Hour</b>	<a href="mailto:ntamiya@md.tsukuba.ac.jp">please make an appointment by email before visit. ntamiya@md.tsukuba.ac.jp</a>

---

**Objectives of this courses** equip ability for accomplishing research which improve quality of care through making presentations and discussion about the reality of HSR research which is closed to various care.

**Course Outline** In this seminar, each student will take turn and present his/her research progress, and have the class ask questions, answer, and discuss its contents. Other students will submit a report in response to the presentation as feedback. In the last session, all the participants will briefly re-summarize their own research progress.

**Textbooks** To be announced if any.

**Evaluation for Grades&Credits** Class attendance and participation; Report

---

#### Lecture Schedule

	<b>Instructor</b>	<b>Course Contents</b>
1	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
2	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
3	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
4	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
5	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
6	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
7	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
8	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
9	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
10	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
11	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
12	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
13	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
14	Nanako Tamiya・Tomoko Ito	Presentation and discussion of the research
15	Nanako Tamiya・Tomoko Ito	re-summarize each research progress.
