Course Name	Seminar in Clinical Psychology II	Course Number	02EU201
Course Credits	3	Instructor Name	Yoko Sawamiya · Masashi Sugie · Sanae Aoki
Class Time	Whole year	Location	D722
Course Structure	Seminar	Phone Number (Ext.)	4726
Standard Course annual	1 – 3	Office Hours	16:00 ~ 17:30(Thu)

Academic Goal Registration for this seminar is limited to students who completed Seminar in Clinical Psychology I. The goals of this seminar are the acquisition of up-to-date expertise in clinical psychology and the exploration of each students' research question through an intensive and systematic review of journal articles/book chapters.

Course Overview Students are required to select one topic in clinical psychology respectively at first. Then, they are required to review the journal articles/book chapters on the topics critically and make plans to investigate research questions which haven't been examined before. Finally, students are required to carry out those investigations, to give a presentation of the results, and to discuss the results and the presentation in class.
