

<b>Course Name</b>	Seminar in Developmental Clinical Psychology I	<b>Course Number</b>	02EU150
<b>Credit</b>	3	<b>Teachers in charge</b>	Yoshikazu Hamaguchi
<b>Modules/ Course hour</b>	Spring A,B & Autumn A, B Tuesday 18:30~20:30	<b>Office</b>	D706
<b>Kind of course</b>	seminar	<b>Mail address</b>	<a href="mailto:yhama@human.tsukuba.ac.jp">yhama@human.tsukuba.ac.jp</a>
<b>Student year</b>	1st grade	<b>Office hour</b>	Thursday 13:45~14:30

**Achievement goal** The goals of this seminar are acquisition of up-to-date expertise in clinical child psychology and exploration of each students' research question through intensive and systematic review of journal articles and book chapters.

**Overview** Students are required to select one topic in clinical child psychology respectively at first. Then, they are required to review the journal articles/book chapters on the topics critically, and to find research questions which haven't been examined before. Finally, students are required to make research plan to investigate the research questions, to give presentation, and to participate in the discussion in class. Especially every student is expected to give presentation of his/her research plan. Students' specialty are limited to psychology. The seminar is given irregularly on Thursday (18:30~20:30) during Spring A, B, C and Autumn A,B,C

**Textbooks** Cicchetti & Cohen(2014). *Developmental psychopathology(3rd edition)* John Wiley & Sons.

**References** Child Development, Developmental Psychology, Journal of Abnormal Child Psychology, Japanese Journal of Educational Psychology, Japanese Journal of Psychology, Japanese Journal of Counseling Science, etc.

**Evaluation for Grades and** A paper of one topic in clinical child psychology, presentation about the topic, and active participation in discussion are evaluated synthetically

**Lecture  
Schedule**
