Course name	Practice of Health Services Research	Course Number	02EU573
Credit	1.5	Instructor	Nanako Tamiya
Course Offering	FallABC negotiable		Institutes of Medicine building 840
Style of Course	Practice	Telephone	8324, 8849
Standard Academic	1-3 year	Office Hour	please make an appointment by email before visit. ntamiya@md.tsukuba.ac.jp

Objectives of this course	Acquire the basic knowledges about appropriate care based on geriatrics and evaluation·analysis method for quality of service by health service research, return their own daily work, and utilize improvement of business operations
Course Outline	This seminar is for practitioners who are in the field of in-home care or institutional care. They will learn frontline practices from professionals in the clinical fields, and acquire basic methods in scientifically evaluating and analyzing their own service quality in order to solve issues and problems existing in the practice of caring.
Textbooks	During the lecture, the person in charge will hand out materials accordingly
References	During the lecture, the person in charge will hand out materials accordingly
Evaluation for Grades&Credits	Class attendance and participation; Report

Lecture Schedule

Instructor	Course Contents
1 Nanako Tamiya	a What is the Health service research?- Basic concept and reality of HSR
2 Nanako Tamiya	a Clinical outcome indicator and data collation·analysis method
3 Nanako Tamiya	a Health service and HSR (Example of cancer care)
4 Nanako Tamiya	a statistical approach for HSR
5 Nanako Tamiya	a Research design (Cost-benefit analysis, Economical research)
6 Nanako Tamiya	a health care management
7 Nanako Tamiya	a the first line of in-home care and empirical analysis
8 Nanako Tamiya	a empirical analysis of institutional care
9 Nanako Tamiya	a Comprehensive geriatric assessment (CGA)
10 Nanako Tamiya	a Role of robots in nursing care
11 Nanako Tamiya	a nursing for elderly people-associated pneumonia
12 Nanako Tamiya	a the first line of institutional care
13 Nanako Tamiya	a Advance Care Planning
14 Nanako Tamiya	a Social Epidemiology1
15 Nanako Tamiya	a Social Epidemiology2

Course name	Presentation and Discussion of practical Health Services Research	Course Numb	02EU576
Credit	1.5	Instructor	Nanako Tamiya
Course Offering	Full Year negotiable		Institutes of Medicine building 840
Style of Course	practice	Telephone	8324, 8849
Standard Academic	1-3 year	Office Hour	please make an appointment by email before visit. ntamiya@md.tsukuba.ac.jp

Objectives of this course	equip ability for accomplishing research which improve quality of care through making presentations and discussion about the reality of HSR research which is closed to various care.
Course Outline	In this seminar, each student will take turn and present his/her research progress, and have the class ask questions, answer, and discuss its contents. Other students will submit a report in response to the presentation as feedback. In the last session, all the participants will briefly re-summarize their own research progress.
Textbooks	To be announced if any.
