

ヒューマン・ケア科学基礎論 I

Course Name	Lecture on Human Care Science I												
Instructor Name	Ichiko SHOJI, Yasushi HONDA, Tetsuji YOKOYAMA, Yoshikazu HAMAGUCHI, Yoko SAWAMIYA,												
Office Hours and Contact Information	By Appointment Only E-mail : yhama@human.tsukuba.ac.jp												
Course Number	02EU001												
Course Structure	Lecture												
Course implementation module, Meeting Days,Time and Location	SpringA, Saturday May 11, Sunday May 12, Bldg. D, Room 706												
Course Credits	1 Credit												
Course Overview	See the Academic Goal section.												
Course Key Words	developmental clinical psychology, health science, educational clinical psychology												
Link between Course Objectives and Activities	To be announced if any												
Academic Goal	<p>GIO The goal of this course is to obtain interdisciplinary and integrated comprehension on human care issues (holistic understanding of subjects, programming of support and intervention, social and institutional understanding of the situation, etc.) through the research field of education, psychology and health sciences.</p> <p>SBO Upon completion of this course, students will be able to explain human care issues from the perspective of education, psychology and health sciences.</p>												
Course Schedule	<table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center; border-bottom: 1px solid black;">Instructor</th> <th style="text-align: center; border-bottom: 1px solid black;">Content</th> </tr> </thead> <tbody> <tr> <td>1 Ichiko Shoji</td> <td>Human care in educational and clinical psychology</td> </tr> <tr> <td>2 Yasushi Honda</td> <td>Human care in environmental health</td> </tr> <tr> <td>3 Tetsuji Yokoyama</td> <td>Human care in health promotion</td> </tr> <tr> <td>4 Yoshikazu Hamaguchi</td> <td>Human care in clinical psychology for children</td> </tr> <tr> <td>5 Yoko Sawamiya</td> <td>Human care in the practice of clinical psychology</td> </tr> </tbody> </table>	Instructor	Content	1 Ichiko Shoji	Human care in educational and clinical psychology	2 Yasushi Honda	Human care in environmental health	3 Tetsuji Yokoyama	Human care in health promotion	4 Yoshikazu Hamaguchi	Human care in clinical psychology for children	5 Yoko Sawamiya	Human care in the practice of clinical psychology
Instructor	Content												
1 Ichiko Shoji	Human care in educational and clinical psychology												
2 Yasushi Honda	Human care in environmental health												
3 Tetsuji Yokoyama	Human care in health promotion												
4 Yoshikazu Hamaguchi	Human care in clinical psychology for children												
5 Yoko Sawamiya	Human care in the practice of clinical psychology												
Course Prerequisites and Advisories	This course is for first or second year students.												
Textbooks, References, and Supplemental Materials	To be announced if any												
Grading Philosophy (Percentage/Criteria/Methodology)	Report assignment of each topic												
Self-Directed Learning Other Than Coursework	To be announced if any												
Other (i.e. Expectations on Classroom Conduct and Decorum etc.)	To be announced if any+A13:B19												

ヒューマン・ケア科学基礎論Ⅱ

Course Name	Lecture on Human Care Science II												
Instructor Name	Tamaki Saito, Masahide Kondo, Akira Ushiyama, Fumi Takeda, Katsuyoshi Mizukami												
Office Hours and Contact Information	By Appointment Only (appointments are likely to be before or after the class) E-mail : HHD02063@nifty.com												
Course Number	02EU002												
Course Structure	Lecture												
Course implementation module, Meeting Days, Time and Location	FallA, Saturday November 9, Sunday November 10, Bldg. D, Room 720												
Course Credits	1 Credit												
Course Overview	In this course, students will comprehensively learn the bases of issues concerning human services through multiple research fields such as community care, health care policy and health economics, living environmental science, health sociology, mental health of old age.												
Course Key Words	To be announced if any												
Link between Course Objectives and Activities	To be announced if any												
Academic Goal	Upon completion of this course, students will be able to discuss the current issues concerning human services from various perspectives by learning the fundamentals of research fields, such as community care, health care policy and health economics, living environmental science, health sociology, mental health of old age.												
Course Schedule	<table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left;">Instructor</th> <th style="text-align: left;">Content</th> </tr> </thead> <tbody> <tr> <td>1 Tamaki Saito</td> <td>Human care and community care</td> </tr> <tr> <td>2 Masahide Kondo</td> <td>Human care and Health Care Policy</td> </tr> <tr> <td>3 Akira Ushiyama</td> <td>Human care and Living Environmental Science</td> </tr> <tr> <td>4 Fumi Takeda</td> <td>Human care and health sociology</td> </tr> <tr> <td>5 Katsuyoshi Mizukami</td> <td>Human care and mental health of old age</td> </tr> </tbody> </table>	Instructor	Content	1 Tamaki Saito	Human care and community care	2 Masahide Kondo	Human care and Health Care Policy	3 Akira Ushiyama	Human care and Living Environmental Science	4 Fumi Takeda	Human care and health sociology	5 Katsuyoshi Mizukami	Human care and mental health of old age
Instructor	Content												
1 Tamaki Saito	Human care and community care												
2 Masahide Kondo	Human care and Health Care Policy												
3 Akira Ushiyama	Human care and Living Environmental Science												
4 Fumi Takeda	Human care and health sociology												
5 Katsuyoshi Mizukami	Human care and mental health of old age												
Course Prerequisites and Advisories	This course is for first or second year students.												
Textbooks, References, and Supplemental Materials	Not specified. To be announced if any												
Grading Philosophy (Percentage/Criteria/Methodology)	Average of evaluations on assignment of each topic												
Self-Directed Learning Other Than Coursework	To be announced if any												
Other (i.e. Expectations on Classroom Conduct and Decorum etc.)	To be announced if any												

ヒューマン・ケア科学基礎論Ⅲ

Course Name	Lecture on Human Care Science III												
Instructor Name	○ Masao Ichikawa, Hideto Takahashi, Nanako Tamiya, Katsumi Tokuda, Nobuaki Morita												
Office Hours and Contact Information	By Appointment Only E-mail : masao@md.tsukuba.ac.jp												
Course Number	02EU003												
Course Structure	Lecture												
Course implementation module, Meeting Days, Time and Location	SpringC, July 20 and 21, Bldg. D, Room 717												
Course Credits	1 Credit												
Course Overview	By the end of this course, students will be able: 1. To discuss the essentials of human services in light of social medicine and health policy. 2. To discuss human service planning and implementation in light of social medicine and health policy. 3. To discuss human service system in light of social medicine and health policy.												
Course Key Words													
Link between Course Objectives and Activities													
Academic Goal	This course aims to equip students with an understanding of human services through various disciplines.												
Course Schedule	<table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left; width: 30%;">Instructor</th> <th style="text-align: left;">Content</th> </tr> </thead> <tbody> <tr> <td>Nobuaki Morita</td> <td>Human Care Science and Mental health</td> </tr> <tr> <td>Hideto Takahashi</td> <td>Human Care Science and Epidemiology</td> </tr> <tr> <td>Nanako Tamiya</td> <td>Health Services Research within the Human Care Sciences: Basic concepts and Practice</td> </tr> <tr> <td>Katsumi Tokuda</td> <td>Beggars with disabilities/Formula for suicide</td> </tr> <tr> <td>Masao Ichikawa</td> <td>Introduction to implementation research</td> </tr> </tbody> </table>	Instructor	Content	Nobuaki Morita	Human Care Science and Mental health	Hideto Takahashi	Human Care Science and Epidemiology	Nanako Tamiya	Health Services Research within the Human Care Sciences: Basic concepts and Practice	Katsumi Tokuda	Beggars with disabilities/Formula for suicide	Masao Ichikawa	Introduction to implementation research
Instructor	Content												
Nobuaki Morita	Human Care Science and Mental health												
Hideto Takahashi	Human Care Science and Epidemiology												
Nanako Tamiya	Health Services Research within the Human Care Sciences: Basic concepts and Practice												
Katsumi Tokuda	Beggars with disabilities/Formula for suicide												
Masao Ichikawa	Introduction to implementation research												
Course Prerequisites and Advisories	This course is for first or second year students.												
Textbooks, References, and Supplemental Materials	To be announced if any												
Grading Philosophy (Percentage/Criteria/Methodology)	Based on students' class attendance, level of participation, and report/assignment.												
Self-Directed Learning Other Than Coursework	To be announced if any												
Other (i.e. Expectations on Classroom Conduct and Decorum etc.)	To be announced if any												

ヒューマン・ケア科学方法論 I

Course Name	Methodology of Human Care Science I																		
Instructor Name	Yoshiyuki KAWANO, Sanae AOKI, Tomoko ITO, Tomoko Tokunaga																		
Office Hours and Contact Information	By Appointment Only kyoshiyuki@human.tsukuba.ac.jp																		
Course Number	02EU004																		
Course Structure	Seminar																		
Course implementation module, Meeting Days, Time and Location	SpringB, Saturday June 15, Sunday June 16, Bldg. D, Room 316																		
Course Credits	1 Credit																		
Course Overview	Human care science is an interdisciplinary research field, therefore it is necessary to acquire an understanding of the fundamentals of various related academic disciplines. In this course, students will learn the fundamentals of academic research fields related to social research, psychometrics, clinical psychology and epidemiology.																		
Course Key Words	To be announced if any																		
Link between Course Objectives and Activities	To be announced if any																		
Academic Goal	Students will be able to acquire a viewpoint of academic disciplines, which enables them to discuss and investigate the current issues on human care sciences.																		
Course Schedule	<table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left; width: 50%;">Instructor</th> <th style="text-align: left; width: 50%;">Content</th> </tr> </thead> <tbody> <tr> <td>Week 1 - Yoshiyuki Kawano</td> <td>Psychometrics: assessment of quality of life and dementia (1)</td> </tr> <tr> <td>Week 2 - Yoshiyuki Kawano</td> <td>Psychometrics: assessment of quality of life and dementia (2)</td> </tr> <tr> <td>Week 3 - Tomoko Tokunaga</td> <td>Social research: fieldwork methods and practice (1)</td> </tr> <tr> <td>Week 4 - Tomoko Tokunaga</td> <td>Social research: fieldwork methods and practice (2)</td> </tr> <tr> <td>Week 5 - Sanae Aoki</td> <td>The methodology of clinical psychology: support and research (1)</td> </tr> <tr> <td>Week 6 - Sanae Aoki</td> <td>The methodology of clinical psychology: support and research (2)</td> </tr> <tr> <td>Week 7 - Tomoko Ito</td> <td>The methodology of Health Services Research (1)</td> </tr> <tr> <td>Week 8 - Tomoko Ito</td> <td>The methodology of Health Services Research (2)</td> </tr> </tbody> </table> <p>* Seminar is 90 minutes each. * Attendance at the orientation on Monday April 8 will be required.</p>	Instructor	Content	Week 1 - Yoshiyuki Kawano	Psychometrics: assessment of quality of life and dementia (1)	Week 2 - Yoshiyuki Kawano	Psychometrics: assessment of quality of life and dementia (2)	Week 3 - Tomoko Tokunaga	Social research: fieldwork methods and practice (1)	Week 4 - Tomoko Tokunaga	Social research: fieldwork methods and practice (2)	Week 5 - Sanae Aoki	The methodology of clinical psychology: support and research (1)	Week 6 - Sanae Aoki	The methodology of clinical psychology: support and research (2)	Week 7 - Tomoko Ito	The methodology of Health Services Research (1)	Week 8 - Tomoko Ito	The methodology of Health Services Research (2)
Instructor	Content																		
Week 1 - Yoshiyuki Kawano	Psychometrics: assessment of quality of life and dementia (1)																		
Week 2 - Yoshiyuki Kawano	Psychometrics: assessment of quality of life and dementia (2)																		
Week 3 - Tomoko Tokunaga	Social research: fieldwork methods and practice (1)																		
Week 4 - Tomoko Tokunaga	Social research: fieldwork methods and practice (2)																		
Week 5 - Sanae Aoki	The methodology of clinical psychology: support and research (1)																		
Week 6 - Sanae Aoki	The methodology of clinical psychology: support and research (2)																		
Week 7 - Tomoko Ito	The methodology of Health Services Research (1)																		
Week 8 - Tomoko Ito	The methodology of Health Services Research (2)																		
Course Prerequisites and Advisories	This course is for first or second year students.																		
Textbooks, References, and Supplemental Materials	To be announced if any																		
Grading Philosophy (Percentage/Criteria/Methodology)	Class attendance and report assignment of each topic

ヒューマン・ケア科学方法論Ⅱ

Course Name	Methodology of Human Care Science Ⅱ																		
Instructor Name	Noriko OKAMOTO, Yumi HASHIZUME, Tomomi MIZUNO, Takafumi MONMA																		
Office Hours and Contact Information	By Appointment Only okamoto.noriko.gb@u.tsukuba.ac.jp																		
Course Number	02EU005																		
Course Structure	Seminar																		
Course implementation module, Meeting Days, Time and Location	Saturday October 5, Sunday October 6, Bldg. D, Room 115																		
Course Credits	1 Credit																		
Course Overview	Human care science is an interdisciplinary research field; therefore it is necessary to acquire an understanding of the fundamentals of various related academic disciplines. In this course, students will learn the fundamentals of research fields related to gerontological nursing and caring research, human care and support research, health and behavior sciences, and health economics.																		
Course Key Words	To be announced if any																		
Link between Course Objectives and Activities	To be announced if any																		
Academic Goal	Students will be able to discuss the current issues on human care sciences from various perspectives.																		
Course Schedule	<table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 50%; text-align: center;">Instructor</th> <th style="width: 50%; text-align: center;">Content</th> </tr> </thead> <tbody> <tr> <td>Week 1 - Yumi Hashizume</td> <td>Studies on Caring and Nursing for elderly and family care givers(1)</td> </tr> <tr> <td>Week 2 - Yumi Hszhizume</td> <td>Studies on Caring and Nursing for elderly and family care givers(2)</td> </tr> <tr> <td>Week 3 - Noriko Okamoto</td> <td>Research Methodology of elderly care(1)</td> </tr> <tr> <td>Week 4 - Noriko Okamoto</td> <td>Research Methodology of elderly care(2)</td> </tr> <tr> <td>Week 5 - Tomomi Mizuno</td> <td>Methodology of Barrier-Free Environment(1)</td> </tr> <tr> <td>Week 6 - Tomomi Mizuno</td> <td>Methodology of Barrier-Free Environment(2)</td> </tr> <tr> <td>Week 7 - Takafumi Monma</td> <td>Research Methodology of Health Sociology(1)</td> </tr> <tr> <td>Week 8 : Takafumi Monma</td> <td>Research Methodology of Health Sociology(2)</td> </tr> </tbody> </table>	Instructor	Content	Week 1 - Yumi Hashizume	Studies on Caring and Nursing for elderly and family care givers(1)	Week 2 - Yumi Hszhizume	Studies on Caring and Nursing for elderly and family care givers(2)	Week 3 - Noriko Okamoto	Research Methodology of elderly care(1)	Week 4 - Noriko Okamoto	Research Methodology of elderly care(2)	Week 5 - Tomomi Mizuno	Methodology of Barrier-Free Environment(1)	Week 6 - Tomomi Mizuno	Methodology of Barrier-Free Environment(2)	Week 7 - Takafumi Monma	Research Methodology of Health Sociology(1)	Week 8 : Takafumi Monma	Research Methodology of Health Sociology(2)
Instructor	Content																		
Week 1 - Yumi Hashizume	Studies on Caring and Nursing for elderly and family care givers(1)																		
Week 2 - Yumi Hszhizume	Studies on Caring and Nursing for elderly and family care givers(2)																		
Week 3 - Noriko Okamoto	Research Methodology of elderly care(1)																		
Week 4 - Noriko Okamoto	Research Methodology of elderly care(2)																		
Week 5 - Tomomi Mizuno	Methodology of Barrier-Free Environment(1)																		
Week 6 - Tomomi Mizuno	Methodology of Barrier-Free Environment(2)																		
Week 7 - Takafumi Monma	Research Methodology of Health Sociology(1)																		
Week 8 : Takafumi Monma	Research Methodology of Health Sociology(2)																		
Course Prerequisites and Advisories	This course is for first - third year students.
