

ヒューマン・ケア科学専攻「ヒューマン・ケア科学基礎論 I」

Course Name	Lecture on Human Care Science I												
Instructor Name	Ichiko SHOJI, Yasushi HONDA, Tetsuji YOKOYAMA, Yoshikazu HAMAGUCHI, Yoko SAWAMIYA,												
Office Hours and Contact Information	By Appointment Only E-mail : yhama@human.tsukuba.ac.jp												
Course Number	02EU001												
Course Structure	Lecture												
Course implementation module, Meeting Days,Time and Location	SpringA, Saturday May 12, Sunday May 13 , Bldg. D, Room 706												
Course Credits	1 Credit												
Course Overview	See the Academic Goal section.												
Course Key Words	developmental clinical psychology, health science, educational clinical psychology												
Link between Course Objectives and Activities	To be announced if any												
Academic Goal	GIO The goal of this course is to obtain interdisciplinary and integrated comprehension on human care issues (holistic understanding of subjects, programming of support and intervention, social and institutional understanding of the situation, etc.) through the research field of education, psychology and health sciences. SBO Upon completion of this course, students will be able to explain human care issues from the perspective of education, psychology and health sciences.												
Course Schedule	<table border="0"> <thead> <tr> <th>Instructor</th> <th>Content</th> </tr> </thead> <tbody> <tr> <td>1 Yasushi Honda</td> <td>Human care in environmental health</td> </tr> <tr> <td>2 Yoko Sawamiya</td> <td>Human care in the practice of clinical psychology</td> </tr> <tr> <td>3 Tetsuji Yokoyama</td> <td>Human care in health promotion</td> </tr> <tr> <td>4 Yoshikazu Hamaguchi</td> <td>Human care in clinical psychology for children</td> </tr> <tr> <td>5 Ichiko Shoji</td> <td>Human care in educational and clinical psychology</td> </tr> </tbody> </table>	Instructor	Content	1 Yasushi Honda	Human care in environmental health	2 Yoko Sawamiya	Human care in the practice of clinical psychology	3 Tetsuji Yokoyama	Human care in health promotion	4 Yoshikazu Hamaguchi	Human care in clinical psychology for children	5 Ichiko Shoji	Human care in educational and clinical psychology
Instructor	Content												
1 Yasushi Honda	Human care in environmental health												
2 Yoko Sawamiya	Human care in the practice of clinical psychology												
3 Tetsuji Yokoyama	Human care in health promotion												
4 Yoshikazu Hamaguchi	Human care in clinical psychology for children												
5 Ichiko Shoji	Human care in educational and clinical psychology												
Course Prerequisites and Advisories	This course is for first or second year students.												
Textbooks, References, and Supplemental Materials	To be announced if any												
Grading Philosophy (Percentage/Criteria/Methodology)	Report assignment of each topic												
Self-Directed Learning Other Than Coursework	To be announced if any												
Other (i.e. Expectations on Classroom Conduct and Decorum etc.)	To be announced if any												

ヒューマン・ケア科学専攻「ヒューマン・ケア科学基礎論Ⅱ」

Course Name	Lecture on Human Care Science II												
Instructor Name	Tamaki Saitou, Hitomi Matsuda, Naoki Kunugita, Fumi Takeda, Katsuyoshi Mizukami												
Office Hours and Contact Information	By Appointment Only (appointments are likely to be before or after the class) E-mail : HHD02063@nifty.com												
Course Number	02EU002												
Course Structure	Lecture												
Course implementation module, Meeting Days, Time and Location	FallA, Saturday November 10, Sunday November 11 , Bldg. D, Room 720												
Course Credits	1 Credit												
Course Overview	In this course, students will comprehensively learn the bases of issues concerning human services through multiple research fields such as gerontological nursing, geriatric psychiatry, health sociology and the field of social psychiatry and mental health.												
Course Key Words	To be announced if any												
Link between Course Objectives and Activities	To be announced if any												
Academic Goal	Upon completion of this course, students will be able to discuss the current issues concerning human services from various perspectives by learning the fundamentals of research fields, such as gerontological nursing and caring research, geriatric psychiatry, health sociology, and social psychiatry and mental health.												
Course Schedule	<table border="0"> <thead> <tr> <th>Instructor</th> <th>Content</th> </tr> </thead> <tbody> <tr> <td>1 Tamaki Saitou</td> <td>Human care and community care</td> </tr> <tr> <td>2 Hitomi Matsuda</td> <td>Human care and gerontological nursing</td> </tr> <tr> <td>3 Naoki Kunugita</td> <td></td> </tr> <tr> <td>4 Fumi Takeda</td> <td>Human care and health sociology</td> </tr> <tr> <td>5 Katsuyoshi Mizukami</td> <td>Human care and mental health of old age</td> </tr> </tbody> </table>	Instructor	Content	1 Tamaki Saitou	Human care and community care	2 Hitomi Matsuda	Human care and gerontological nursing	3 Naoki Kunugita		4 Fumi Takeda	Human care and health sociology	5 Katsuyoshi Mizukami	Human care and mental health of old age
Instructor	Content												
1 Tamaki Saitou	Human care and community care												
2 Hitomi Matsuda	Human care and gerontological nursing												
3 Naoki Kunugita													
4 Fumi Takeda	Human care and health sociology												
5 Katsuyoshi Mizukami	Human care and mental health of old age												
Course Prerequisites and Advisories	This course is for first or second year students.												
Textbooks, References, and Supplemental Materials	Not specified. To be announced if any												
Grading Philosophy (Percentage/Criteria/Methodology)	Average of evaluations on assignment of each topic												
Self-Directed Learning Other Than Coursework	To be announced if any												
Other (i.e. Expectations on Classroom Conduct and Decorum etc.)	To be announced if any												

ヒューマン・ケア科学専攻「ヒューマン・ケア科学基礎論Ⅲ」

Course Name	Lecture on Human Care Science III																						
Instructor Name	○ Masao Ichikawa, Nobuaki Morita, Nanako Tamiya, Masahide Kondo, Katsumi Tokuda																						
Office Hours and Contact Information	By Appointment Only E-mail : masao@md.tsukuba.ac.jp																						
Course Number	02EU003																						
Course Structure	Lecture																						
Course implementation module, Meeting Days, Time and Location	FallB, Saturday December 15, Sunday December 16 , Bldg. D, Room 717																						
Course Credits	1 Credit																						
Course Overview	By the end of this course, students will be able: 1. To discuss the essentials of human services in light of social medicine and health policy. 2. To discuss human service planning and implementation in light of social medicine and health policy. 3. To discuss human service system in light of social medicine and health policy.																						
Course Key Words	To be announced if any																						
Link between Course Objectives and Activities	To be announced if any																						
Academic Goal	This course aims to equip students with an understanding of human services through various disciplines.																						
Course Schedule	<table border="1"> <thead> <tr> <th>Instructor</th> <th>Content</th> </tr> </thead> <tbody> <tr> <td>Week 1 - Nobuaki Morita</td> <td>Social Psychiatry and Mental health</td> </tr> <tr> <td>Week 2 - Nobuaki Morita</td> <td>Social Psychiatry and Mental health</td> </tr> <tr> <td>Week 3 - Nanako Tamiya</td> <td>Health Services Research within the Human Care Sciences: Basic concepts</td> </tr> <tr> <td>Week 4 - Nanako Tamiya</td> <td>Health Services Research within the Human Care Sciences: Practice</td> </tr> <tr> <td>Week 5 - Masahide Kondo</td> <td>Economics and Health Care Policy</td> </tr> <tr> <td>Week 6 - Masahide Kondo</td> <td>Economics and Health Care Policy</td> </tr> <tr> <td>Week 7 - Katsumi Tokuda</td> <td>Beggars with disabilities</td> </tr> <tr> <td>Week 8 - Katsumi Tokuda</td> <td>Formula for suicide</td> </tr> <tr> <td>Week 9 - Masao Ichikawa</td> <td>Epidemiological thinking for human care scientists. Instructor	Content																						
Week 1 - Nobuaki Morita	Social Psychiatry and Mental health																						
Week 2 - Nobuaki Morita	Social Psychiatry and Mental health																						
Week 3 - Nanako Tamiya	Health Services Research within the Human Care Sciences: Basic concepts																						
Week 4 - Nanako Tamiya	Health Services Research within the Human Care Sciences: Practice																						
Week 5 - Masahide Kondo	Economics and Health Care Policy																						
Week 6 - Masahide Kondo	Economics and Health Care Policy																						
Week 7 - Katsumi Tokuda	Beggars with disabilities																						
Week 8 - Katsumi Tokuda	Formula for suicide																						
Week 9 - Masao Ichikawa	Epidemiological thinking for human care scientists. Part I																						
Week 10 - Masao Ichikawa	Epidemiological thinking for human care scientists. Part II																						
Course Prerequisites and Advisories	This course is for first or second year students.																						
Textbooks, References, and Supplemental Materials	To be announced if any																						
Grading Philosophy (Percentage/Criteria/Methodology)	Evaluate comprehensively based on students' class attendance, level of participation, and contents of report/assignment.																						
Self-Directed Learning Other Than Coursework	To be announced if any																						
Other (i.e. Expectations on Classroom Conduct and Decorum etc.)	To be announced if any																						

ヒューマン・ケア科学専攻「ヒューマン・ケア科学方法論 I」

Course Name	Methodology of Human Care Science I																		
Instructor Name	Hiroyuki IIDA, Sanae Aoki, Tomoko Ito, Yoshiyuki Kawano																		
Office Hours and Contact Information	By Appointment Only hiroiiida@human.tsukuba.ac.jp																		
Course Number	02EU004																		
Course Structure	Seminar																		
Course implementation module, Meeting Days, Time and Location	SpringB, Saturday June 16, Sunday June 17, Bldg. D, Room 314																		
Course Credits	1 Credit																		
Course Overview	Human care science is an interdisciplinary research field, therefore it is necessary to acquire an understanding of the fundamentals of various related academic disciplines. In this course, students will learn the fundamentals of academic research fields related to social research, clinical psychology and mental health.																		
Course Key Words	To be announced if any																		
Link between Course Objectives and Activities	To be announced if any																		
Academic Goal	Students will be able to acquire a viewpoint of academic disciplines, which enables them to discuss and investigate the current issues on human care sciences.																		
Course Schedule	<table border="0"> <thead> <tr> <th>Instructor</th> <th>Content</th> </tr> </thead> <tbody> <tr> <td>Week 1 - Hiroyuki Iida</td> <td>Human care science that mainly focuses on "Society" and social research (1)</td> </tr> <tr> <td>Week 2 - Hiroyuki Iida</td> <td>Human care science that mainly focuses on "Society" and social research (2)</td> </tr> <tr> <td>Week 3 - Yoshiyuki Kawano</td> <td>Assessment of Quality of Life and Dementia (1)</td> </tr> <tr> <td>Week 4 - Yoshiyuki Kawano</td> <td>Assessment of Quality of Life and Dementia (2)</td> </tr> <tr> <td>Week 5 - Sanae Aoki</td> <td>The methodology of clinical psychology : support and research (1)</td> </tr> <tr> <td>Week 6 - Sanae Aoki</td> <td>The methodology of clinical psychology : support and research (2)</td> </tr> <tr> <td>Week 7 - Tomoko Ito</td> <td>The methodology of Health Services Research(1)</td> </tr> <tr> <td>Week 8 - Tomoko Ito</td> <td>The methodology of Health Services Research(2)</td> </tr> </tbody> </table> <p>* Seminar is 90 minutes each. * Attendance at the orientation on Monday April 6 will be required.</p>	Instructor	Content	Week 1 - Hiroyuki Iida	Human care science that mainly focuses on "Society" and social research (1)	Week 2 - Hiroyuki Iida	Human care science that mainly focuses on "Society" and social research (2)	Week 3 - Yoshiyuki Kawano	Assessment of Quality of Life and Dementia (1)	Week 4 - Yoshiyuki Kawano	Assessment of Quality of Life and Dementia (2)	Week 5 - Sanae Aoki	The methodology of clinical psychology : support and research (1)	Week 6 - Sanae Aoki	The methodology of clinical psychology : support and research (2)	Week 7 - Tomoko Ito	The methodology of Health Services Research(1)	Week 8 - Tomoko Ito	The methodology of Health Services Research(2)
